SPILL CONTAINMENT AND CLEANUP

ABSORBANT MATS AND ROLLS

SonicBonded mats for overspray and everyday use

- Abrasion-resistant top layer gives pads strength for everyday cleanup jobs
- Perfect for medium-duty industrial, maintenance and general applications
- Quickly absorbs leaks, spills and overspray to keep floors dry
- Perforations allow you to tear pads into different sizes based on your application
- General-purpose - **Universal** absorbency means one product for multiple liquids
- **Oil** selective - repels water but absorbs oil and oil-based fluids
- Available in multiple sizes and weights

BOOMS

Take control of outdoor spill response with Oil-Only Booms

- Poly-blend filler repels water while only absorbing oil and other hydrocarbons
- Connectors link booms together to create a containment system big enough to handle almost any spill size
- Provides quick, efficient cleanup to help protect the environment from contaminants; suited for short-term use
- Available in multiple sizes and weights

DRUM TOP PADS

Say goodbye to messy drum tops by using these Sorbent Drum Top Pads

- Absorb drips from leaking pumps and help keep drum storage areas looking good
- Pre-cut bung holes make for easy access to drum
- Pads can be removed and replaced with pumps and valves installed
- Made from top-quality FineFiber Mat
- Color-coding helps you visually identify the right sorbent for your needs. Blue designates Oil-Only sorbency for oil and other petroleum-based fluids — but not water; fits into many professional surroundings. Grunge-hiding Gray signifies Universal sorbency for oils, coolants, solvents and water.

SPILL CLEANUP

It is important to have the right sorbents on-hand when spills occur to eliminate the slip-and-fall hazard. A quick response is the first order of business – and your best weapon – in the fight against spills. Our Spill Kits are packed with quality products to help you clean up fast and comply with regulations. Each kit includes a variety of sorbents to handle spills; pre-packed in a UN- and DOT-approved 5-Gallon container. Self-contained Kit stores sorbent products for easy access as needed for spill control; saves time when quick response is necessary. Screw-top lid with gasket and built-in torque handle provides sealed and secure closure to protect sorbents from moisture, dirt and damage. Rust- and corrosion-free 100% polyethylene is durable to withstand rough handling.

Our **Oil Only** products are hydrophobic and oleophobic which means they only absorb oil and other hydrocarbons but not water. They will never sink.
