# ANTI-FOAM SOLUTION

## **DESCRIPTION:**

This product is a milky white, silicone emulsion liquid. It is formulated for a quick knockdown of foam in the receiving tank of soil extractor equipment. It is a stable emulsion and can be diluted without concern of separation in the tank. It has excellent dispersability which helps to knockdown foam quickly by spreading to all sides of the tank to eliminate the foam. It can also be used for pools and spas.

## **BENEFITS AND FEATURES:**

- Quick Dispersability
- Excellent spread ability
- Storage stability over many months
- Fast knockdown
- Insoluble in foaming systems
- Non-toxic

## **DIRECTIONS FOR USE:**

### **Application:**

- SHAKE WELL BEFORE USING
- Mix 1 ounce of ANTI-FOAM SOLUTION in the recovery tank to each 5 gallons of the recovery tank capacity
- Mix 1 ounce of ANTI-FOAM SOLUTION to 1 quart of water and place into the feed system that is fed into the vacuum hose of the recovery tank

## **STORAGE AND HANDLING:**

Keep out of reach of children. Store in a cool, dry place. Avoid eye contact. Refer to SDS for additional precautions or first aid measures.

**FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY**
