FREEZER LOCKER CLEANER

DESCRIPTION:

A hard working, ready to use, floor and wall cleaner for use in all sub-freezing, cold storage, freezer areas, freezer lockers and market freezer display cases.

ADVANTAGES:

- Resists freezing to -20° F
- No residual after-cleaning odor
- Immediately starts to dissolve grime and suspend soil
- Authorized by USDA for use in Federally Inspected meat and poultry plants
- Aids in melting existing ice formations
- Formulated for use with conventional or automatic scrubbers

SUGGESTED USES:

For removal of dirt, grime, fat and grease, deposits from concrete, quarry tile, metal and ceramic tile surfaces.

DIRECTIONS FOR USE:

CONVENTIONAL ROTARY FLOOR MACHINE: Equip machine with aggressive brush such as steel wire. Spray, mop or spread ready-to-use cleaner on surface, scrub & allow solution to remain on surface for 5 minutes. Scrub again and pick up soiled solution with wet-vacuum or mop.

MANUAL CLEANING: Apply cleaner by spray, mop or sponge & follow by aggressive double brushing or scrubbing. Pick up soiled solution with wet-vacuum, mop or by wiping. This product is intended for use as is, but under conditions of temperatures above 20°F, and reduced soil, some dilution up to 2 parts cleaner to 1 part water will give satisfactory results. Remove or carefully protect food products. After use, food contact surfaces must be rinsed with potable water.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY
