PURE EZ™LIFT

ALL-NATURAL FLOATING LIFT STATION DEGREASER

DESCRIPTION:

This product is a powerful soy-based lift station degreaser containing 95% soy and 5% d-limonene. It floats on top of the water surface, rising and falling with the level of the water. It effectively dissolves heavy grease and fat accumulations on walls and creates an odor barrier with a pleasant citrus scent. The high soy content raises the flash point over traditional d-limonene-based products for longer life. It has a green color indicator and is a 100% biodegradable formula. It will not harm the bacterial action in sewage treatment plants.

USE IN:

- Lift Stations
- Water Treatment Plants
- Wastewater Treatment Plants
- Septic Tanks
- Grease Traps

USE AT:

- Municipalities
- Prisons
- University
- Hospitals / Nursing Centers
- Restaurants
- Hotels / Motels

FEATURES & BENEFITS:

- Keeps walls, pumps and hoses clean and functioning properly.
- Floats on the surface so it rises and falls with the level of the wastewater.
- Quickly dissolves heavy grease and fat accumulations
- Creates an odor absorbing barrier and leaves a pleasant citrus scent.
- Color indication lets you know when more product is needed
- 100% natural biodegradable formula. Will not interfere with natural bacteria.

EFFECTIVE AGAINST:

- Floating grease balls
- Heavy oil accumulation
- Annoying odors

DIRECTIONS:

Pour product into the lift station. Use approximately ½ gallon for each square foot of wastewater surface area.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY
