# ZENKILL IV

## MULTI-PURPOSE INSECT KILLER

### **DESCRIPTION:**

A synthetic permethrin-based, fast-acting, flying/crawling insect spray. Kills instantly and prevents breeding. For use in homes and in non-food areas of industrial buildings. Kills ants, flies, gnats, mosquitoes, moths, fruit flies, cockroaches, water bugs, palmetto bugs, silverfish, firebrats, crickets, scorpions, spiders, centipedes, lice, fleas, ticks.

### **FEATURES AND BENEFITS:**

- Non-staining formula.
- Blended with Permethrin, a potent synergist that kills insects on contact.
- Multi-purpose for flying and crawling insect control.
- VOC compliant in all states.
- Residual control up to 4 weeks.

### **APPLICATIONS AND USES:**

Use in homes, schools, warehouses, office buildings, theatres, garages, motels and hotels. Spray directly on visible insects and in hiding areas such as cracks, under sinks, behind stoves and refrigerators, doorways, baseboards and other resting places.

### **DIRECTIONS:**

Shake well before use. Hold container upright. Before spraying, cover exposed food and utensils. To kill flies, gnats, mosquitoes and small flying moths: Close all doors and windows and direct spray upward into center of room with slow sweeping motion. Spray 5-10 seconds for average size room. Keep room closed for 15 minutes after spraying. Sweep up and destroy fallen insects. In the home, all food processing surfaces and utensils should be covered during treatment and thoroughly washed before use. Contact as many insects as possible. Spray all parts of room where pests may hide, as well as areas of entry. Spray interior and exterior of upholstered furniture, top and bottoms of rugs and carpet, and all areas where carpet beetles are seen. Remove all items from pantry and spray shelves thoroughly. Return packages after shelves dry. To kill fleas and ticks, remove and destroy old bedding. Thoroughly spray bedding and other resting places until slightly moist. Treat these areas at two seconds per linear foot at a distance of 12 to 18 inches. Spray inside surface of dog houses. Put fresh bedding in pet's area. Repeat all applications as necessary.

**Do not spray animals.**

**Should not be used in food processing or preparation areas.**

**FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY**
